STAFF CONTACT:	Armida R. Martinez, (915) 212-1605, <a href="mailto:martinezar@elpasotexas.gov">martinezar@elpasotexas.gov</a>
OWNER:	Jose and Isela Rodriguez
REPRESENTATIVE:	Jorge Loya
LOCATION:	7902 Alameda, District 7
LEGAL DESCRIPTION:	Portion of Tract 17, Map No. 2 of Sunnyfields, City of El Paso, El Paso County, Texas
EXISTING ZONING:	C-3/sc (Commercial/special contract)
REQUEST:	Special Contract: Ordinance No. 5167 dated November 21, 1973 Detailed Site Development Plan per Ordinance No. 5167
RELATED APPLICATIONS:	N/A
PUBLIC INPUT	Detailed site development plan does not require public notification as per Section 20.04.520, Notice of El Paso City code.
STAFF RECOMMENDATION:	Approval (see pages 2—4 for basis for recommendation)

**SUMMARY OF REQUEST:** The request is for a detailed site development plan review as required by Ordinance No. 5167 dated November 21, 1973 (see Attachment 6). Condition states; *No building permits shall be issued for construction on the property until site development plans of the proposed development on the property have been approved by the City Plan Commission of the City of El Paso.* The detailed site development plan proposes two office warehouses on 0.2397 acres.

**SUMMARY OF RECOMMENDATION:** The Planning Division recommends **APPROVAL** of the detailed site development plan request as it meets all the requirements of Section 20.04.150, Detailed Site Development Plan. The proposed development is consistent with the surrounding commercial development. Two office warehouses will not have a negative impact on its surrounding neighborhood. The proposed development is compliant with the G-3, Post-War) land use designation of Plan El Paso, the City's Comprehensive Plan, in the Mission-Valley Planning Area.

### DESCRIPTION OF REQUEST

The applicant has submitted a Detailed Site Development Plan application for the property located 7902 Alameda through the Zoning Section of the Planning and Inspections Department. The detailed site development plan proposes the construction of a 900 sq. ft. and 1,500 sq. ft. office warehouse. The proposed elevations reflect 14 feet and 6 inches of structure height. The development requires a minimum of 2 parking spaces and the applicant is providing 3 parking spaces and 3 bicycle spaces. The development complies with the minimum landscape area requirements of the Title 18.46. Access to the subject property is Riverside Drive.

### RELATION OF PROPOSED CHANGE TO THE CITY'S COMPREHENSIVE PLAN

CONSISTENCY WITH PLAN EL PASO	DOES IT COMPLY?
<b>G-3, Post-War:</b> This sector applies to transitional neighborhoods typically developed from the 1950s through the 1980s. Streets were laid out with curvilinear patterns without alleys and shopping centers are located at major intersections behind large parking lots. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.	The subject property will integrate a different commercial use to an existing neighborhood that is adjacent to existing commercial uses and single-family homes.
ZONING DISTRICT	DOES IT COMPLY?
<b>C-3 (Commercial) District</b> The purpose of these districts is to accommodate establishments providing goods or rendering services which are used in support of the community's trade and service establishments and serving multi-neighborhoods within a planning area of the city. The regulations of the districts will permit intensities designed to be compatible with each other and to provide for a wide range of types of commercial activity, including light automobile related uses.	Yes, the surrounding properties include different type of commercial uses.
POLICY	DOES IT COMPLY?
<b>2.4.1</b> Development is encouraged to integrate jobs into or near residential neighborhoods, or to rebalance communities by adding jobs within a ½ mile radius of residential neighborhoods or by adding residences within a ½ mile radius of jobs.	Yes, Development is within approximately 500 feet of two residential neighborhoods, and adds potential new employment to the established neighborhood.

**SUITABILITY OF SITE FOR USES UNDER CURRENT ZONING:** The lot is 12,888.56 sq. ft. (.2397 acres), the C-3 (Commercial) district requires a 10 ft. rear setback and side setback when abutting residential development. A office warehouse is a permitted use in a C-3 zone.

**CONSISTENCY WITH INTENT AND PURPOSE OF THE ZONING ORDINANCE:** The intent of the Zoning Ordinance is to protect the public health, safety, and general welfare; to regulate the use of land and buildings within zoning districts to ensure compatibility, and to protect property values. The intent of the C-3 District is to accommodate establishments providing goods or rendering services which are used in support of the community's trade and service establishments and serving multi-neighborhoods within a planning area of the city. The proposed development is consistent with the surrounding commercial development and will not have a negative impact on its surrounding neighborhood.

**ADEQUACY OF PUBLIC FACILITIES AND SERVICES:** There are existing water and sewer mains available for service. The applicant will need to coordinate with EPWater to provide services to the property.

**EFFECT UPON THE NATURAL ENVIRONMENT:** Subject property does not involve greenfield/ environmentally sensitive land or arroyo disturbance.

**COMMENT FROM THE PUBLIC:** Detailed Site Development Plan Review does not require public notification as per Section 20.04.520, Notice of the El Paso code.

**STAFF COMMENTS:** No objections to proposed Detailed Site Development Plan. No reviewing departments had any negative comments. Applicant is responsible for obtaining all applicable permits and approvals prior to any construction or change in occupancy.

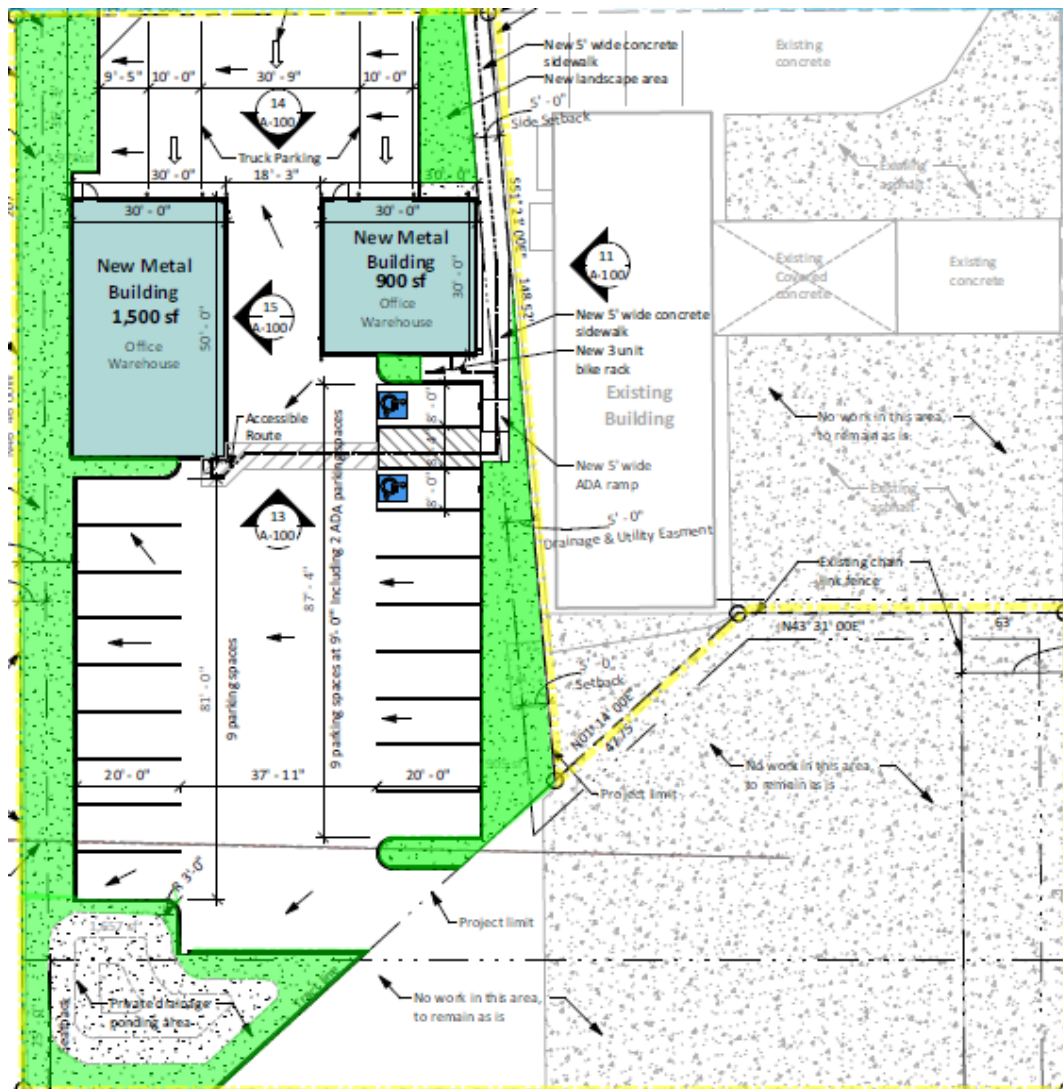

**OTHER APPLICABLE FACTORS:** Approval of the site plans by CPC constitutes a determination that the applicant is in compliance with the minimum provisions. Applicant is responsible for the adequacy of such plans, insuring that stormwater is in compliance with ordinances, codes, DSC, and DDM. Failure to comply may require the applicant to seek re-approval of the site plans from CPC.

## Department Comments

### **Planning and Inspections Department – Plan Review**

Code requirements must be met at time of building permit submittal.

### **Planning and Inspections Department – Landscaping Division**

Revised Site Plan approved.

### **Planning and Inspections Department – Land Development**

No objections to the detailed site development plan.

### **Fire Department**

Recommend approval.

### **Police Department**

No comments received.

### **Sun Metro**

There is an existing bus stop located towards the north eastern corner of the subject property along Alameda. Please coordinate with Sun Metro if any work is proposed within the bus stop area.

### **El Paso Water**

1. EPWater does not object to this request.

### **Water:**

2. There is an existing 8-inch diameter water main extending along the south side of Alameda Avenue, approximately 8-feet north of and parallel to the southern right-of-way line of Alameda Avenue. This water main is available for service.
3. There is an existing 6-inch diameter water main extending along Riverside Drive, located approximately 22-feet west of the property. This water main is available for service.
4. EPWU records indicate an active 3/4-inch water meter serving the subject property. The service address for this meter is 7900 Alameda Avenue.
5. Previous water pressure from fire hydrant #73 located at southeast corner of Alameda Avenue and Riverside Drive, has yielded a static pressure of 120 psi, a residual pressure of 110 psi, and a discharge of 978 gallons per minute. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

### **Sanitary Sewer:**

6. There is an existing 8-inch diameter sanitary sewer main extending along the north side of Alameda Avenue, approximately 8.5-feet south of and parallel to the northern right-of-way line of Alameda Avenue. This sanitary sewer main is available for service.
7. There is an existing 24-inch diameter sanitary sewer main extending along Riverside Drive, approximately 24-feet west of western property. No direct services connections are allowed to this main as per the El Paso Water – Public Services Board Rules & Regulations.

**General:**

8. Alameda Avenue is a Texas Department of Transportation (TxDOT) right-of-way. All proposed water and sanitary sewer work to be performed within Alameda Avenue right-of-way requires written permission from TxDOT.
9. EPWater requires a new service application to provide additional services to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWater Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

**El Paso Water - Stormwater**

1. The site plan shows what seems to be a drainage pond; any proposed ponding area shall have enough capacity to hold the developed runoff for a designed 100-yr. storm event.
2. EPWater - Stormwater Engineering recommends using principles of low impact & green infrastructure development (such as recessed landscaping, rainwater harvesting, and porous pavements) to reduce the amount of developed stormwater runoff.

**Environmental Services**

Make sure the applicant verifies that dumpster pickup can occur from the residential street.

**TxDOT**

Contact (Margarita Montes) for access approval and grading and drainage plan review if accessing Alameda Avenue. Submit plans to TxDOT for review and submit an access request permit.

CONTRACT

This contract, made this 24 day of Jan, 1973,  
by and between BROOKWOOD CORP., a corporation, First Party; and the  
CITY OF EL PASO, Second Party, witnesseth:

Application has been made to the City of El Paso for rezoning  
of a portion of Tract 17, Sunnyfields and all of Tract 138, Block 28,  
Ysleta Grant in the City of El Paso, El Paso County, Texas, which  
property is more particularly described in Ordinance No. 5167, now  
pending before the City Council of the City of El Paso, a copy of  
which is marked Exhibit "A", attached hereto and made a part hereof  
by reference. In order to remove certain objections to such rezon-  
ing, First Party covenants that if the property is rezoned as indic-  
ated in the attached ordinance, no building permits shall be issued  
for construction on the property until site development plans of the  
proposed development on the property have been approved by the City  
Plan Commission of the City of El Paso.

This agreement is a restriction, condition and covenant running  
with the land and a charge and servitude thereon, and shall bind First  
Party and its successors in title. Any future conveyance of the land  
shall contain this restriction, condition and covenant and shall embody  
this agreement by express reference.

The City may enforce this agreement by injunction or any other  
legal or equitable remedy. The City Council of the City of El Paso  
may release the above restriction, condition and covenant in its dis-  
cretion without the consent of any third person who may be benefited  
thereby.
